Storm

Checklist and Declaration

The following information should accompany your application (if available/applicable)

- Site plan Scale 1:500
- Statutory undertakers information
- Third party landowner name / address
- Site investigation or borehole information
- Proposed site layout/level and flow data
- Initial Assessment Fee (Non- returnable but deducted from computed cost of providing requisition)

Incomplete application may result in the application being delayed/returned.

All the above will assist Northern Ireland Water Ltd in producing the budget estimate as quickly and accurately as possible.

I/We hereby requisition a public foul/surface water sewer to serve the new development site described above and shown edged green on the attached Ordnance Survey extract.

I/We undertake to pay the Developers contribution calculated under

- Articles 76/77 Water and Sewerage Services (Northern Ireland) Order 2006 by: (water supply requisition)
- Articles 154/155 Water and Sewerage Services (Northern Ireland) Order 2006 by: (sewer requisition)

- (i) A deposit equal to 100% of the estimated cost of the scheme and
- (ii) Costs associated with completing a legal agreement with Northern Ireland Water Ltd.

I/We have rights/no rights to enter upon or drain through third party land. I/We have/have not been in negotiation with those affected third party landowners (if the answers above are affirmative further information will be required).

I/We have read and understood the guidance notes issued with this application and the relevant legislation and enclose a copy of a valid planning consent and the initial payment as set out in the Scheme of Charges – Miscellaneous Standard Charges, cheques made payable to Northern Ireland Water Ltd - (zero rated VAT for new houses, or 17.5% VAT for commercial sites).

I/We understand that any payments made will be refunded upon request, if the requisition is withdrawn, after the deduction of Northern Ireland Water Ltd reasonable costs.
