

REFERENCE

2526117

RELEASE DATE

July 2025

SUBJECT

Essentially I'm looking for average, maximum and minimum reservoir levels averaged for Northern Ireland by date of the year, including 2025 data to compare to previous years.

RESPONSE

Please find attached as Annex A a line graph showing the 29-year average levels plotted against those for each of the dates detailed. I understand you have contacted our Press Office with a query about current levels, which will be replied to separately in due course.

Total Reservoir Storage
