Delivering what matters

NI Water is the provider of Northern Ireland's most essential service and each day we deliver 560 million litres of quality drinking water and treat 330 million litres of wastewater. This is our chance to share with you what we do and how we do it.

You are invited...

What: A tour around our water testing lab at Gelvin Grange followed by light refreshments and a promotional pack to take home.

Where: Irish Street, Derry/Londonderry, BT47 2LD

When: 4th May 2017

Protective equipment will be provided however please wear trousers and flat sensible shoes - no heels.

Access to the tour may be restricted for wheelchairs and to those with mobility issues; however, please phone us with your needs and we will try to accommodate you as much as possible.

Places are limited and will be allocated on a first come first served basis.
