# Listening to you

Listening to our customers' and stakeholders' views and building these into our strategy is essential for us to ensure that our customers' needs are at the heart of our service delivery.

# **Water Stakeholder Steering Group**

**Stakeholder groups** 

Provides a forum for discussion on strategic issues relating to the price control and Ministerial guidance; discussion of major water and sewerage cross-cutting issues; discussion of policy development; keeping under review the governance and regulation of the water industry; and discussion of strategic communications issues.

Taking part in a range of stakeholder groups helps

### **Output Review Group**

Provides a forum for stakeholders to discuss progress on key outputs and issues of common concern in the water industry.

### **Stakeholder subgroups**

Working groups for coordinating the delivery of the price control process and related matters.

Taste, smell and

appearance

# Low

Water abstraction

Quality of coastal waters

**Pollution incidents** 

# **Summary**

# From our ongoing engagement, we understand that our customers:

- value water services which are reliable and resilient:
- expect problems to be fixed quickly and to be kept informed of progress;
- wish to see investment to reduce flooding from sewer 'hot-spots';
- wish to see investment to target interruptions to water supplies;
- expect strategic improvements rather than short term fixes; and
- · wish to see improvement of the customer service experience including accuracy of billing and invoicing processes.
